Master Certified Wallet Card, Display Card, and Wall Certificate

Detach your large *Wall Certificate* by tearing along the fold perforation and cutting on the lines indicated.
Then, detach your *Display Card* and *Wallet Card* by carefully cutting along the dashed lines.

INSTRUCTIONS FOR THE ENCLOSED LAMINATING KIT

1. Carefully cut out the wallet card and fold it in the middle.
2. Find the open edge of the laminating kit and lay out on hard flat surface. Make sure that the white paper side is face up.
3. Slowly peel white backing from the sticky side.
4. Carefully place the crease of the folded wallet card centered exactly in the crease of the kit. Gradually lower the card onto the sticky surface working out air pockets as you go.
5. Starting from the crease, press the two plastic surfaces together slowly and evenly to work out air pockets. This will assure a secure seal.

Fold Here.
